- DOST-SEI Merit Scholar
- Thesis (UpSpace) placed 1st in BSIS and 3rd of 20+ groups at the 4th Annual Research Colloquium

EXPERIENCE

Vite SEO

Remote

SEO and Website Operations Co-Lead

Sep 2024 to Sep 2026

- Co-led SEO and day-to-day operations for client WordPress sites
- Handled keyword research, on-page optimization and link building with Ahrefs, Rank Math and Yoast
- Built client sites and published SEO blog content
- Monitored performance in Google Search Console and GA4; kept sites indexed and healthy

contact.xyz, Dossier, Seam and LÜK

Remote

Freelance Developer

Jun to Sep 2026

- Shipped features for four startups, using Claude Code as the coding agent
- Reviewed, tested and merged pull requests; fixed bugs before release

Department of Science and Technology

Remote

QA Engineer Intern, Interim Project Lead

Feb to May 2026

- Wrote test plans with 10+ test cases per sprint for government web applications
- Tested key user flows by hand and started Playwright automation
- Logged and followed defects through 2-week Agile sprints; ran QA as interim lead for one sprint

PROJECTS

QA Documentation System

2026

- Python and AI tool that turns user stories into test cases, cutting the work from about 2 hours to 15 minutes

Lean Six Sigma Green Belt Case Study

2026

- DMAIC study on employee onboarding; grew a 500-record dataset from 2 to 30+ variables with AI; scored 95%

GalaTayo (galatayo.app)

2026

- Travel app with 230+ hand-picked places across the Philippines, a Taglish AI guide and group trip plans with polls

Facebook Chatbots for Car Sales Agents

Freelance

- Set up Botcake chatbots so agents could answer customer inquiries automatically

Portfolio Website with AI Chat

2026

- Built with Claude Code; its chat answers visitors' questions as me, with a backup AI model so it stays up
